# PIZZAS BAG®

#### "PIZZAS BAG" by Drake

Pizzas bag is a new concept of a carrier bag with a lateral opening.

**Strong:** our pizzas bag is made of a durable plastic that will not leak or stress under heat.

**Useful:** it keeps pizza boxes horizontally and lets a free hand conveniently carry drinks, handle car keys, and open doors with ease. It protects the customer's car seats from grease collected by the boxes on the top of the oven. Simply ideal for metropolitan areas where walking home is standard.

**Clever:** it is an excellent **MARKETING TOOL** to advertise your business. You will be surprised at how many more customers you will gain just from your logo being visible on the bag.

Pizzas bag is a new item that is a must in every "pizzeria".

Material MDPE.

shipping unit is a box of 500 bags,

#### CUSTOM LOGO

One time set up fee for custom logo is \$150.00 per color per side of the bag. Printing up to 4 colors. Soft loop handle will match the color.
